June 2021

Dear Parents/Carers

Welcome to the Stockport School Nursing Service. When your child starts school in September, we will take over their care from the Health Visiting Service. Our team includes Specialist Community Public Health Nurses, School Staff Nurses and School Nurse Assistants.

We can provide you with help, advice and support for any physical and emotional problems your child may encounter throughout their school life. We offer a wide range of support in line with the government's "Healthy Child Programme" such as the National Child Measurement Programme, supporting pupils with medical needs such as asthma, diabetes, epilepsy, anaphylaxis, advice around bedwetting and soiling and signposting and referring to other services such as the parenting team, GP, paediatrician and specialist continence services.

To help your child be ready to start their school journey in September, when it is possible to do so, please make an appointment for the dentist. Also please check with your GP that your child is up to date with their immunisations (pre-school booster and 2nd MMR)

There are some useful tips on how to help your child get for school and fun activities on the Start Well page:
<https://www.stockport.gov.uk/start-well>

For further details about how to contact your school nurse, please look on the Stockport NHS Foundation Trust website:
<https://www.stockport.nhs.uk/ServicesDetail.aspx?id=878>

Your named school nurse is Chloe Pearson and their contact details are bramhallsn@stockport.nhs.uk 0161 835 6087. We look forward to meeting you soon.

Yours sincerely

Stockport School Nursing Team
