Safeguarding

We will strive to:

- Create and maintain a safe learning environment for our children.
- Identify where there are child welfare concerns and take action to address them, in partnership with other organisations where appropriate.
- Develop our children's understanding of how to keep themselves safe.

All our staff are employed by the school's governing body and are subject to enhanced DBS (Disclosure and Barring Service) checks. They also receive appropriate safeguarding, first aid and other training, as required, including food hygiene. The staff are responsible for following the club's policies and procedures. All staff will wear identification badges in line with School policy and have an advanced DBS police check.

The Designated Safeguarding Lead for School is Mrs Glynn and the Deputy Designated Safeguarding Leads are Mrs Dixon and Mrs Lees.

Child Protection

As a part of our whole school approach, we are fully committed to building and maintaining a safe and secure environment in which all in our care are protected from harm and abuse. Any suspicion of abuse is promptly and appropriately responded to. We comply with local and national child protection procedures and ensure that all staff are appropriately trained. For further details see our Safeguarding Policy on the website.

Behaviour

Our aim is to create a friendly and fun learning environment where children are expected and encouraged to act kindly and considerately towards their peers and staff. Children will follow the whole school Behaviour Policy (available and on the website). Our childcare provision promotes respect and consideration to others, keeping the teachings of Jesus at the forefront and which is embedded in our school ethos.

We encourage appropriate behaviour through positive praise, emphasising turn taking and cooperative play. We will talk with the children demonstrating the courtesy we expect from them and encourage engagement in all activities.

We recognise that poor behaviour can occur from time to time for reasons that are not always evident or as a result of special needs or circumstances. We will try to be flexible in order to accommodate such cases however, if your child is violent or if their behaviour poses an immediate damage to themselves or others, we will require you to collect them from the club immediately. In exceptional circumstances, and only when all other attempts at behaviour management have failed, we reserve the right to permanently exclude a child from the club. See our Behaviour Policy for full details.

Pick up/Passwords

Children attending after school care must be collected by a responsible person aged 16 or over. When not collected by parents, a password should be provided by the person collecting your child/children. You will be asked to add a password on the initial booking form which will be kept securely.

Late collection

Please be aware that it is our policy to contact social care if your child is not collected on time and we have not managed to make any contact with you, or an alternative contact for your child. Therefore, we would advise you to provide appropriate emergency contacts for use in case of unfortunate circumstances, which would ensure your child was collected by someone they knew, and could be reassured by. Incidents of late collection will be recorded by the Manager and discussed with Parents/Carers, at the earliest opportunity. There will be a 'late charge' of £5.00 per 15 minutes late and persistent late collection may result in the loss of your child's place at the Club.

Illness/ Accident/ Emergency

Parents are informed immediately if their child becomes ill whilst in our childcare, or if they have an accident where it is felt the parents/carers are needed. All accidents will be reported in the school accident book. There is always a qualified first aider on duty. Details of children's medical needs and any allergies are recorded.

Medication

If your child requires medicine that has been prescribed, such as inhalers or EpiPen, an individual Health Care Plan will be necessary. Staff can only administer medication which has been prescribed by the doctor and permission forms must be completed by the parent/carer in advance.

Refunds

Monies paid cannot be reimbursed if a child fails to attend for any reason as staffing and food are organised based upon bookings.

Pledge to Parents

We value our relationship with parents/carers and are committed to working in partnership with you to provide high quality play and care for your children. We will:

- Keep you informed of any changes to opening times, fees and charges, programme of activities, procedures and menus.
- Be consistent and reliable to enable you to plan with confidence and peace of mind.
- Listen to your views and concerns to ensure that we continue to meet your needs.

What the Club requires from the Parent/Carer

To ensure that the clubs are run efficiently and effectively there are a few things which parents and carers can do to help. Some of these points may seem like common sense, but we would like to be clear about our expectations thus avoiding misunderstandings. Your assistance with the following would be helpful and very much appreciated:

- When collection arrangements for your child have changed please ensure that you inform us, in writing if you know in advance or by personally telephoning us if it is on the day.
- You can contact staff at the club on: 0161 4858733 during their opening times
- When you collect your child/children from the club they are your responsibility from the time that you arrive, this is the time that is recorded as the leaving time.
- Book in advance to ensure your child's place.
