Cheadle Catholic Infant School is a healthy school and in order to maintain this status it is important that we encourage our children to eat a healthy diet.

At Cheadle Catholic Infant School we aim to educate our children with the skills, knowledge and understanding to enable them to make informed healthy lifestyle choices. To do that effectively we need to work in partnership with parents and carers in securing the best for every child.

Aims

- To ensure children have a suitable midday meal that sustains and prepares them for the afternoon learning.
- To provide a safe, healthy and appealing eating environment for pupils bringing in packed lunches and ensure that free, fresh drinking water is available at all times.
- To help children develop an understanding of healthy eating.
- To promote the School Food Trust guidelines and national standards for healthier eating.
- To support parents and carers in providing a healthy packed lunch that meets the same standards as food provided in school dinners and abide by the regulations of the British Nutrition Foundation.
